Fresh Spot of Color on Waterloo

by Morgan Wood

Perhaps you have lately noticed a fresh spot of color acting like a beacon to Waterloo Road. The new mural, designed by French-born and British-educated designer and artist Camille Walala, was commissioned by Jack Mueller, a real estate investor who owns the former bank building on Water-loo Road. The building, upon completion of its interior, will be home to Poplife, a pop-up gallery, health food space, and donation-only yoga studio.

Walala’s work is inspired by the Italian-Memphis Movement from the 1980s but is updated with influences from the Ndebele tribe and optical art. She has large-scale works in some of the most important cities in the world: New York, Paris, Lon-don, Sydney, and now Cleveland. Mueller said he stumbled across Walala’s work online and was excited about its Memphis influences. From there the artist and the investor developed a friendship over Insta-gram, both sharing a love of graphic shapes and bold colors. When Mueller saw an opportunity to commission a mural from his favorite artist, he reached out, bringing Camille and her partner Julie Jomaa across the Atlantic for the project. Mueller has said it is important to him that the building’s exterior reflect its in-terior, revealing his business’ dedication to the sublimity of bold shapes and bright colors. Simply, he “wants to make the world a more colorful place.” Walala’s aesthetic, bursting with sunny colors like cherry red, millennial pink, canary yellow, and “nifty turquoise” adds a splash of color, hopefully a smile, and a little bit of wonderment to the days of many Clevelanders.

Waterloo is lucky to have an investor like Jack, who believes in public art and in making art as accessible as possible. Amy Callahan, Executive Director at the non-profit Waterloo Arts, notes that public art is important because: “If you live in a neighbor-hood where there’s poverty, that doesn’t mean people shouldn’t be able to see art on their walls just for art’s sake.” Callahan went on to say that every neighborhood deserves something beautiful, something that provides a unique point of pride and helps carve an identity out for residents. In particular, street art is like “having a con-versation outside,” and murals act as can-vases that humanize our urban landscape. Walala’s piece starts a conversation about the creativity and energy of humanity and about the egalitarianism of street art to passerby.

Remembering the Sights & Sounds of Euclid Beach Park 13th Annual

by Rich Wickens

The Golden Age of the American amuse-ment park lasted from the late 1890’s to the late 1920’s. At that time America was becoming more industrial and individu-als had more disposable income and time for entertainment. Hundreds of amuse-ment parks opened in and around most major cities to offer one form of enter-tainment. Cleveland was no exception as many amusement parks opened. Better known were: Luna Park, White City, Puri-tas Springs, Chippewa Lake Park, Grand Lake Park. Lesser known or remembered parks include: Scenic Park, Lincoln Park, Washington Park, Forest City Park, Wil-loughby Park, Gordon Gardens, Or-chard Lake Park, Brady Lake, and Mentor Beach Park. Missing from both lists is arguably Cleveland’s most beloved amuse-ment park, Euclid Beach Park which operated from 1895 to 1969. Individuals growing up in an around Cleveland and who had the opportunity to visit the park on the shores of Lake Erie, have fond and sentimental memories of the amusement park. Just mentioning Euclid Beach Park to someone who remembers the park will prompt a smile and story. Luckily large pieces of Euclid Beach Park have survived these 88 years since the park’s final season. Euclid Beach Park’s “Grand Carousel,” has operated in the Cleveland History Center of the Western Reserve Historical Society in Cleveland’s University Circle since the grand opening in 2014. Not many carousels have survived since the Golden Age of the amusement park. The Euclid Beach Park carousel operated at an amusement park in Old Orchard Beach after the park closed. Besides surviving the carousel returned to Cleveland something a very few carousels have done, returning to the city where it first operated. Another amazing event, the band organ that was with the carousel for 59 years at Euclid Beach Park is again with (continued on page 7)

Q & A with furniture designer and F*S*HO Founder Jason Radcliffe

How and why did the F*S*HO idea come into existence in 2009? In 2009, I had been visiting my first pieces of furniture in a sole gallery exhibit than I planned to go to New York for Design Week because I wanted to see what people thought of my work but set $5,000 for a booth. I decided that wasn't affordable. In January 2009, the curators from Design Week emailed me offering a 10’x10’ booth for $410. I took it. I took the booth. That's on my website today and I held a booth at the 9th Street Studies. We had 310 people show up. The next year we moved a bigger space. F*S*HO is a contemporary furniture show featuring work by local designers, furniture makers and students from the Cleveland Institute of Art.

How many exhibitors and attendees do you usually host? In 2016, we had 30 exhibitors and 3,890 attendees. Most of the visitors are from Cleveland, Columbus, and Toledo.

How are the locations for the moving sales chosen? I offer a free tour or someone offers. We are going to continue moving to different locations.

What kinds of things have you bought at HGR? If you would like to continue reading please see the next page.

A Wonderful Start to the School Year

for 2017-2018. Thanks to this great partner-

ship, Our Lady of the Lake School will be

OLL Is School of the Year!

Each year the Backpack Blessing and Open House kick off the start of the school year, and this year they were again a wonderful celebration, as school and parish families turned out to bless our students and wish them well. This year the church was particularly busy, with lots of other activities happening as well, including hospitality with coffee and donuts in the church hall.

A flood drive to the gymnasium, and a uni-

form exchange organized by our very active PTO. It really takes a community to educate a child, and our parish community is com-

mitted to this important mission. We are so

glad to see everyone come out to support our students!

All Are Welcome at Parish Feast Day

Ours Lord of the Lake Parish Feast Day celebration is a favorite tradition at Our Lady of the Lake, and we are happy to invite any of our neighbors to come and celebrate it with us. We begin with a gathering at the Arcadia Beach Club at 5:30, with hot dog and refreshments. We then process with music to the church for a prayer service, followed by an ice cream social in the church hall. All are welcome!

Community gathers at VASJ for Solar Eclipse viewing party

VASJ is blessed to start each school year by gathering as a community and praying together at an Opening Mass. This year’s theme, which stemmed from VASJ senior Elizabeth Smith’s idea, was “Hope in Christ.”

“It was during our Peers Ministry retreat when Ms. Lukovitch was reading Romans 8:24-25, and I was thinking that is a really good message to have and just stuck with me.” Elizabeth says.

In further conversation with the rest of the Peer Ministers, it was decided that would be the theme. Elizabeth welcomed guests to the Opening Mass by reading the verse:

For in this hope we were saved. Now hope that is seen is not hope. For who hopes for what he sees? If we hope for what we do not see, we wait for it with patience.

“Do you want to know the Dot Day song?” Elizabeth says. “Hope is something that keeps many people going. It helps get people through stressful times. Faith is having hope in Christ. We cannot see Him, or touch Him, but we trust in Him. We trust He is with us. We have faith.”

Through the years, Elizabeth explains the purpose of the heat and lightwave. “The light they see gives them hope,” Elizabeth says. “It provides them with evidence that they have found what they have been seeking. The light from the lightwave represents Christ and how we look for him in the darkness of our lives.”

Fr. Joe Fortuna of Our Lady of the Lake presided over the Mass. During his Homily, he also spoke about hope and the importance of placing hope in God and wanting what God wants for us.

“We don’t always know what that is, but we trust that God knows what is best for us.” Fr. Joe says. “I pray for you and for all of us that we may place our hope in Christ.”

Four seniors (Elizabeth Smith, Mary Farlan, Eleanor Born, and Timothy Raddell) were commissioned by Fr. Joe as Extraordinary Ministers of the Eucharist.

Fr. Joe blessed all student leaders and prayed for a successful year and Elizabeth encouraged her peers to carry that hope with them through the school year when high school and personal battles seem overwhelming.

“As we go throughout the rest of the year, never forget to have hope,” Elizabeth says. “Hope will carry you through the days where it may seem impossible. Most importantly, have hope in Christ. He is going to guide you through it.”

The partial solar eclipse which took place on August 21 was a great kickoff to VASJ’s new astronomy class being offered this year. Although school wasn’t yet in session, VASJ’s Astronomy teacher Lory Kalbogen invited all of her Astronomy students and their families to attend a fun and informative Solar Eclipse event at VASJ.

“The event was a great way to share myastoundment for space science and to help people safely view the eclipse,” says Kalbogen.

The event included astronomy-related activities and audio, demonstration materials, solar viewing glasses to share, telescopes and other viewing devices. There was even a music playlist with songs related to astronomy and the eclipse. It turned out to be a great community event for faculty, staff, students, parents, and alumni. It certainly promoted our mission of providing an integral, quality education, and a great sense of family spirit,” says VASJ religion teacher and Coordinator of Mission Effectiveness Bill Raddell ’67.
